

# In-Depth Reporting with Filevine

Your law firm is a business, and your business generates a massive amount of data. Using that data wisely is essential for achieving maximum growth and efficiency. But without the right tools, you'll never utilize your data to your firm's full potential.

Filevine Periscope gives you unprecedented access to your data and enables you to make the best data-backed decisions possible.

## Beautifully Simple

*Graphs, charts, & more*

---

**Powerful  
Visualization  
Options**

Visualize your firm's data in the most logical way, be that a bar graph, a pie chart, or just about anything else you can imagine.

**Filter Results**

Use powerful filters to cut through the noise and get straight to the data that matters.

**Custom Reports**

Work with Filevine's top-notch data analysis team to modify existing charts or build completely new reports for any purpose.

## Robust & Powerful

*Make confident decisions*

---

<b>Answer Any Question</b>	“When should I hire?” “What case types should I prioritize?” “Which processes are achieving results and where can we improve?” “What does my current caseload look like?”
<b>Compare Related KPI's</b>	Compare and contrast different data-points - like a case's lifespan, workload, and settlement amount - to help make informed decisions.
<b>Monitor Staff Productivity</b>	Use Periscope to dive into individual and team workflows to refine processes and patch productivity leaks.

## Easy & Secure

*Your data, your way*

---

<b>Seamless Integration</b>	Periscope integrates fully with your Filevine system and automatically updates your data set with any changes.
<b>Security</b>	Your data is kept in a private instance of Periscope that only you - and those you trust - have access to.
<b>Convenience</b>	Seeing your data is easier than ever. Thanks to Periscope's cloud-based design, all you need is a web browser.

## The Bottom Line

The difference between your practice now and your practice six months from now is a question of decision-making. If you're going with your gut instead of relying on critical data points, you'll never realize your firm's full potential. Filevine Periscope gives you unmatched insight into the day-to-day workings and long-term growth of your practice. Without it, you're flying blind, and that's no way to fly.
